

HOW TO USE MOBILE GIVING

1. Download the free SecureGive app from the App Store or Google Play market
2. Open the app and search for your organization by name or location (phone GPS enabled) Then, set this as your home organization.
3. Enter the phone number and password to login or create an account. Your church may also have the option to give anonymously.
4. Choose Give and select the type of transaction.
5. Select the category and enter donation amount.
6. If this is a first time donation, card info will need to be entered. There is an option to save this as a default card at this point.
7. Tap Continue. Confirm amount
8. Thank you for your generosity! You will receive a thank you notification via phone screen, and email.
